

Below is a **revised Autostyle Knowledge Base**, aligned with how Autostyle UK positions its products and services on the website: vehicle-specific upgrades, Apple CarPlay / Android Auto, Android screen replacements, plug-and-play integration, and installer support.  
This is ready to use for chatbot / WhatsApp / FAQ.

---

## AUTOSTYLE – COMPLETE KNOWLEDGE BASE

---

### 1. Compatibility

#### Will this fit my car?

Autostyle products are **vehicle-specific**. Compatibility depends on:

- Make
- Model
- Year
- Existing screen type

Share your vehicle details and we will confirm.

---

#### How do I check compatibility?

Provide:

- Car make
- Model
- Year
- Upgrade required (CarPlay / Android screen / camera etc.)

We'll confirm compatibility.

---

#### My car already has a screen. Can I upgrade?

Yes. Many Autostyle systems **retain your original screen** and add:

- Apple CarPlay
  - Android Auto
  - Navigation
  - Media apps
- 

#### My car doesn't have a screen. Can I install?

Yes. Autostyle offers **Android screen upgrades** designed to replace the factory unit and add modern features.

---

### **Do you offer vehicle-specific units?**

Yes. All systems are designed for **specific dashboards** to ensure factory-style fitment.

---

## **2. Apple CarPlay & Android Auto**

### **What is Apple CarPlay?**

Apple CarPlay mirrors your iPhone to your car screen and allows:

- Maps
- Calls
- Messages
- Music
- Apps

All controlled safely while driving.

---

### **Does it support Android Auto?**

Yes. Most Autostyle systems support:

- Apple CarPlay
  - Android Auto
  - Wired and wireless options (model dependent)
- 

### **Wired vs Wireless CarPlay**

Wired:

- USB connection
- Charges phone
- Most stable

Wireless:

- Auto connects
- No cables
- Cleaner setup

---

### 3. Android Screen Upgrades

#### What is Android screen upgrade?

It replaces your factory screen with:

- Larger touchscreen
- Wireless CarPlay
- Android Auto
- Google Maps
- Apps
- Reverse camera support

---

#### Will it look factory fitted?

Yes. Screens are **vehicle specific** and designed to match the dashboard.

---

#### Do I lose original features?

No. Most systems retain:

- Steering controls
- Parking sensors
- Reverse camera
- Car settings

---

### 4. Installation

#### How long does installation take?

Most installs take **1–3 hours**, depending on vehicle.

---

#### Is it plug and play?

Most Autostyle kits are **plug and play**, no major modifications required.

---

#### Will dashboard be removed?

Yes, but safely using professional tools. No damage when installed correctly.

---

### **Can I wait during installation?**

Yes, in most cases.

---

## **5. Steering Controls & Factory Features**

### **Will steering wheel controls still work?**

Yes. Supported vehicles retain:

- Volume
  - Track change
  - Call controls
  - Voice controls
- 

### **Will reverse camera still work?**

Yes. Existing reverse camera continues to function.

---

### **Will parking sensors display?**

Yes, factory sensors remain active.

---

### **Will original radio still work?**

Yes. You can switch between:

- Factory system
  - CarPlay / Android interface
- 

## **6. Warranty & Safety**

### **Does it void warranty?**

No. Systems integrate with factory wiring and do not modify core vehicle electronics.

---

### **Will it affect battery?**

No. System shuts off with ignition.

---

### **Will it damage original infotainment?**

No. Installation works alongside the factory system.

---

## 7. Self Installation

### Can I install it myself?

Installation is possible if you have experience, but professional installation is recommended.

---

### Can a local installer fit it?

Yes. Any experienced car electronics installer can install.

---

### Do you provide installer network?

Yes. Autostyle can guide you to **nearby installers**.

---

## 8. Pricing

### What is the price?

Price depends on:

- Make / model
- Year
- Screen type
- Wired vs wireless
- Features

Share your vehicle details for estimate.

---

### Is installation included?

Depends on:

- supply only
  - supply + install
  - dealer installation
- 

## 9. Ordering

### How do I order?

You can:

- Order online

- Message on WhatsApp
  - Request quote
- 

**Do you ship across UK?**

Yes. Autostyle ships across UK.

---

**Delivery time?**

Usually 1–3 working days depending on stock.

---

**10. After Installation**

**Can I switch back to original system?**

Yes. Toggle between:

- Factory system
  - CarPlay / Android
- 

**Will car settings still work?**

Yes. Vehicle settings remain accessible.

---

**Do you provide support?**

Yes. Post-install support available.

---
